APPLICATION FOR WASTEWATER PERMIT

Parcel ID Number: _____ Date: _____
Property Owners Name: _____ Phone: _____
Subdivision Name: _____
Property Address: _____ Lot Number: _____
Mailing Address: _____ Fax: _____
System Installer's Name: _____ Phone: _____
Address: _____ Fax: _____
Total Number of Bedrooms: _____ Unfinished Basement: Yes No
Water System: Public: _____ Private: _____

Please check that those items applicable to our application have been included in your submittal. Incomplete applications will be returned.

- 1. Results of an approved percolation test and soil exploration pit. Attach signed "Percolation Test Certificate and Soil Exploration Results".
- 2. A site assessment including the following information:
 - a. Percolation test inspection.
 - b. Determination of depth to groundwater (monitoring may be required).
 - c. Determination of depth to bedrock.
 - d. Determination of slopes.
 - e. Soil log.
 - f. Additional information as required by Wasatch County Health Department.
- 3. A determination by the Wasatch County Health Department Rule 00-5 and by Utah Administrative Code 317-4-3.4 of who is required to design the wastewater system; an engineer, a certified wastewater system designer or the property owner with the guidance of the Wasatch County Health Department.
 - A. **If an engineer or certified wastewater system designer needs to be involved as required in Wasatch County Health Department Rule 00-5 and by Utah Administrative Code 317-4 the following information needs to be submitted:**
 - a. Wastewater system design plans & specifications completed by state certified designer. The plans must comply with State and local requirements. (Wasatch County Health Department Rules 00-1 through 00-6 and Utah Administrative Code R317-4, *Onsite Wastewater Systems Rule*. A copy is available at the Health Department)
 - B. **If a property owner qualifies to design their own system with the Health Department's guidance as per Rule 00-5 the property owner will need to contact the Health Department for the applicable information required**
- 4. Permit Fee paid \$275.00. (\$250.00 Wasatch County Health Department Wastewater Permit Fee; \$25.00 State Wastewater Fee).
- 5. Verification of culinary water supply:
 - If connecting to a private well, a well permit or well application is required.
 - If connecting to a public system, a letter of approval from the system stating that they will provide culinary water to the lot. Letters from public water systems that are rated by the State as "Not Approved" will not be accepted.

The Wasatch County Health Department does not assume any liability when asked to help design a system or for any other problems encountered during the approval and inspection process. The home owner is responsible for the testing, design, construction, operation and maintenance of the onsite wastewater treatment system.

Applicant

Date

Note: Application will be returned if proper information is not submitted. Permit valid for 12 months from date of approval. Any changes to the designed system, must be approved in writing by the Wasatch County Health Department.
