ENGINEERING GUIDELINES FOR VARIOUS PERMIT APPLICATIONS

Before continuing with any permit application, you must first check with the Planning Department and follow their instructions to receive approval.

Review Wasatch County Code at www.wasatch.utah.gov, APWA (American Public Works Association) <http://utah.apwa.net/>, and Wasatch County Supplement to the Utah APWA Standards and Specifications www.co.wasatch.ut.us/engineering.aspx.

Right-of-Way Excavation Permit:

This permit is required for any excavating work within the County Right-of-Way. Applicants must comply with all codes and specifications.

Storm Water Pollution Prevention and Erosion Control Permit:

This permit is required if you are disturbing soil or other material in Wasatch County. This permit does not include right-of-way excavating or agriculture.

Driveway Grading & Encroachment Permit:

This permit is required for those individuals tying their driveways into a Wasatch County road or landscaping in the Wasatch County Right of Way or applicants requesting a grading permit for a driveway without an approved building permit. PERMIT.

Grading Permit:

This permit is necessary if you are building berms, ponds, rough grade roads without utilities, etc. This permit does not cover utilities, infrastructure, asphalt, and gravel. These property development activities require a Subdivision Construction Development Permit.

Subdivision Construction Development Permit:

This permit is necessary to create a subdivision, split a parcel, or installing utilities, asphalt, gravel roads, etc. For work such as berms, landscaping, leveling, slopes, etc. not related to subdivision development, please use the Grading Permit application. Contact the Wasatch County Engineering department if you have questions. Before using this permit, you must have gone to the Planning Department and received an approval.

ALL WORK MUST BE COMPLETED AS PER WASATCH COUNTY CODE, UTAH APWA STANDARDS, AND WASATCH COUNTY SUPPLEMENT TO UTAH APWA STANDARDS AND SPECIFICATIONS.
