Wasatch County Emergency Operations Plan
Summarization

FEBRUARY 2009

What is the Basic Plan?

The plan outlines in general terms how Wasatch County will prepare for, respond to, recover from and mitigate from an emergency or disaster.

- Responsibilities of elected officials, Directors, departments and agencies/organizations
- Emergency Operations
- Financial Management and Cost Recovery Policies
- Continuation of Government Operations

The ESF Annex (Emergency Support Functions)

- These outline organizational structure responsibilities of primary and support agencies that respond to local events as outlined by the Federal Emergency Management.

Recovery Annex

- Recovery issues to ensure a viable and economically sustainable environment after a disaster.

Mitigation Annex

- This plan was developed by the Mountainlands Association of Governments in cooperation with Wasatch County Emergency Management Department.

The basic plan follows the same guidelines that are found in the plans developed by the State of Utah and the Federal Government. All surrounding cities and counties need to be in compliance with the NIMS (National Incident Management System) and the NRS (National Response Plan) in order to receive funding from the Department of Homeland Security. Wasatch County has done this through resolution. The Wasatch County Council has also approved the 3 Year Training and Exercise Plan as outlined by the Emergency Management Department. These were approved during April 2009.

The plan outlines the responsibilities of the County Manager, County Council Members, Emergency Management Director, Department Directors, Superintendents and staff. They are as follows:
Wasatch County Elected Officials

County Council Members
