APPENDIX H-1

WASATCH COUNTY NOXIOUS WEED DEVELOPMENT AND REVIEW DATA SHEET

PROJECT NAME: _____________________________________________________________
PROJECT ADDRESS: __________________________________________________________
NAME OF DEVELOPER: _______________________________________________________
PHONE NUMBER: ____________________________________________________________
DEVELOPMENT SIZE (acres):___________________________________________________

CONTROL PROGRAM
The control program must describe the complete treatment including re-treatment plans for each specific noxious weed species.

A. Specific noxious weed species of concern associated with proposed project site. Please note that all county noxious weeds must be treated regardless of when introduced.

___________________________________________________________________________
___________________________________________________________________________
___________________________________________________________________________

B. Proposed method of control (or combination of methods) you intend to use to control specific noxious weeds.

1. Chemical (herbicide to be used)

___________________________________________________________________________

2. Mechanical (tilling, digging, grubbing, burning, etc.)

___________________________________________________________________________

3. Biological (insects or animals released on site)

___________________________________________________________________________

4. Cultural (planting competitive vegetation)

___________________________________________________________________________
C. Prevention

1. Weed free certification for seed (specify seed species) or weed free sod.

2. Storage of topsoil, fill and gravel on site or off site (Monitor every 30 days and control as needed).

3. Time of year proposed to treat and maintain weed free perimeter to prevent off site infestation.

4. Method for vehicle cleaning of noxious weeds prior to relocation to weed free areas.

Recommendation of Wasatch County Weed board project approval (required conditions for project plan approval)

The Utah Noxious Weed Act (Title 4, Chapter 17, Rule R68-09) provides for the control and management of noxious weeds in Utah. Private property owners, municipalities, and state agencies are subject to the provisions of the Utah Noxious Weed Act. This act requires all land owners or people in possession of property be responsible for the control of noxious weeds on that property.

Wasatch County Weed Supervisor or Weed Board Chair
